

Achei Boys Division

Fun in Chumash

In Chumash, the 2nd/3rd grade boys reviewed their learning through a fun and interactive game called "Shorashim Throw a Ball," helping them strengthen their knowledge of correct milim.

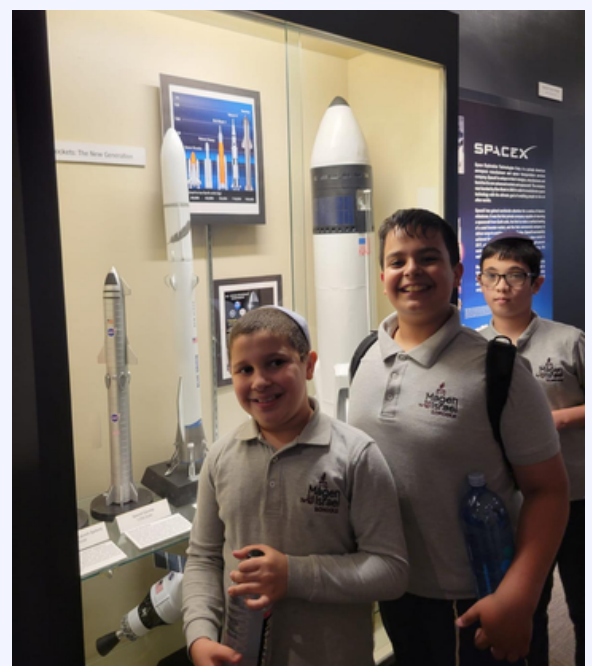

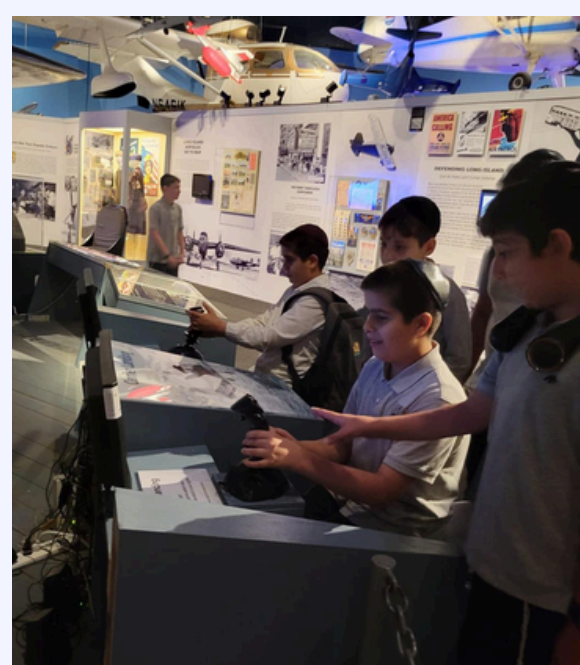

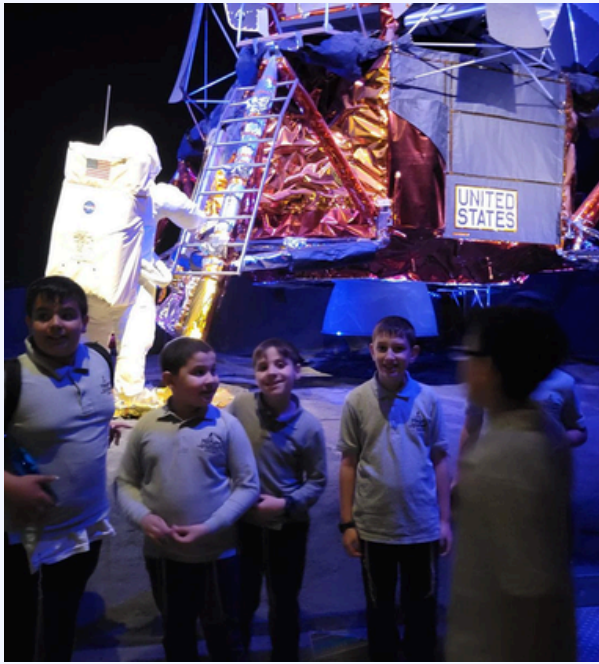

Ice Cream Party 🍦

What a sweet Shavuot memory!
The boys had an amazing time enjoying ice cream together as part of our Shavuot celebration. Thank you to our wonderful PTA for adding such a fun and special touch to the day!

End-of-Year Field Trip 🚌

The 4th and 5th grade boys enjoyed their end-of-year field trip to the Cradle of Aviation. Accompanied by Rabbi Yosef, the students explored the museum and participated in a special one-hour planetarium show on 'Cities of the Future,' where they learned about engineering and innovation around the world. It was an engaging and enriching experience for the students.

The 4th and 5th grade boys had an exciting and well-earned celebration trip to the park and 7-Eleven! The class was rewarded for their dedication in davening and for successfully completing Sefer Bereishit. It was a joyful way to mark their achievement together!

Art Class

The boys had a wonderful art class with Morah Shirel. They enjoyed expressing their creativity and working on fun, hands-on art projects.
