Achos Girls Division

Bridge Unit Comes to Life 🌉

After completing their unit on bridges, Mrs. Rabbanifar's 4th and 5th grade girls had the exciting opportunity to visit the iconic Brooklyn Bridge. The trip brought their classroom learning to life as the girls explored the bridge up close, observed its unique design and engineering, and gained a deeper appreciation for this historic landmark. It was a memorable and educational experience that helped connect their studies to the world around them. 🌉

Forces & Motion in Action ⚙️

Mrs. Alon's 2nd and 3rd grade girls had an exciting hands-on Mystery Science unit on forces and motion! They learned all about gravity and friction while building their own models to explore how things move. The girls tested how changing the length and weight of their models affected motion, and observed how many swings per minute they could make. It was a fun, interactive way to see science in action! 💫

A Special Visit from Hatzalah 🚑

As part of our ongoing safety unit, the elementary girls had the privilege of welcoming members of Hatzalah to our school. The girls learned about the important role Hatzalah plays in our community and gained a greater appreciation for the dedicated volunteers who help others in times of need. We thank them for taking the time to visit and for all they do for our community.

Water Day Fun

The 4th and 5th grade girls celebrated their beautiful accomplishments and dedication to davening with a special in-school water slide event. The girls had a wonderful time enjoying this well-deserved reward while creating lasting memories with their friends.

Exploring the Lower East Side 📜🏙️

The 6th and 7th grade girls enjoyed a trip to the Lower East Side, where they visited the Tenement Museum and learned about the lives of Jewish immigrants who came to America over 100 years ago. The girls toured a historic tenement apartment and gained a deeper appreciation for Jewish history. They also visited The Pickle Guys, where they learned about the business, sampled pickles, and enjoyed buying them.
